

WHAT'S NEW

Sunbrella Fabric Collage

New introductions of fabrics, upholstery, case goods, art & lamps.

Manly Pink!
 Our New Sunbrella introduction Deville/ Cameo speaks to the man. It is a soft color palette that is as easy to live with as a pink Brooks Brothers shirt. Mixed with a soft beige, an easy fit.

This Spring 2011 market saw many new colors and products for *The Joe Ruggiero Collection*. We thought it would be interesting to lay it out like a *collage*, so you could experience the impact of the *Spring introductions*. Now that the collection contains all of the

elements needed to create a "beautiful home" you can bring it all together and make rooms totally liveable. **Miles Talbott** and **Sunbrella**, along with **Gat Creek**, **W.King Ambler** and **Craftmade** make it so easy to create *comfortable environments*.
