

WHAT'S NEW

Custom Styled Lenox Sofa!

Clean lines for upholstery & rich woods for multi-use case goods.

This spring we introduced a sleek new sofa and chair group called **The Lenox for Miles Talbott**. This new group answers a call for *clean, architectural lines* to mix with many of our elegantly proportioned case goods from **Gat Creek**. The new upholstery

frames are covered in **Sunbrella Meridian** fabric which is at an affordable grade and presents a monotone palette of colors that will work with most any scheme. (Right) Our **Coventry Media Center** is perfect for any room.
