At the High Point International Furniture Market to open October 12, 2012, designer, Joe Ruggiero will introduce the **America's Heritage Collection** at his **Miles Talbott** showroom: 1690 English Road. patterns in the collection **Max II in the color Dusk;** This color combination of warm, soft grey with a hint of the color amethyst is new for Ruggiero. *"I wanted to introduce color into the collection but I wanted it to be **subtle color**, as many of our most popular fabrics in the line are soft neutrals and we have not seen a big acceptance of bold color."* Ruggiero commented.
