Ruggiero Brings Serene Shades of Gray to Market! Interiors So Easy To Inspire New Designs

Many New Ideas, New Furniture Frames and Sunbrella Fabrics.

This year at the High Point Furniture Market, look for serene shades of gray which have been walking the fashion runways this season. Ruggiero brings true elegance to **Miles Talbott** with Paris-inspired vignettes, filled with architectural elements & serene neutrals. Flattering grey

tones are showcased in a **NEW** deep-seated *Colette Sofa* upholstered in **Sunbrella** Boss Tweed/Storm & a *Salon Chair* in **NEW** Blur II/ Linen. This is a vignette that remembers chic Paris salons of the 1930s. There will be other new **Sunbrella/ JR** fabrics: Quilted/

Storm, a diamond shaped classic pattern and Kuno/ Meadow, a Japanese tie-dye-influenced pattern. "In this world of unsettling headlines I believe the serenity I have created will be welcome." (photo left) Meeting friends at **ASID Pasadena Designer Event**, Joe & Designer, Edna Ulasewicz.
