Look for some delightful changes in our High Point Showroom this April, 2017! Joe brings new colors and bold designs inspired by his travels.

Joe Ruggiero Brings a New Look To High Point!

Continuing the theme of **“Design Travels”** Ruggiero designs rooms that reflect his favorite places & experiences throughout the world & here in the United States. *“Each time I travel I am asked what are my favorite cities or countries & I am hard pressed to find a particular favorite. It becomes a bit of this or a*

composite of that. Metro, Countryside, Architecture, Persons that have inspired me or Museums & particular Houses, Villas, Cottages or Chateaux that leave a permanent design impression” expresses Ruggiero. This April Furniture Market, working with Sunbrella, The MT Company and Gat Creek, Ruggiero

has transformed his showroom into a Virtual “Memory Bank” of rooms that reflect **Urban Lofts** and **Masculine Retreats** utilizing his fabric, Upholstery and Case Goods designs.

“Each room will reflect a Collage of Memories with a selection of new fabrics & furniture designs.”
