Ruggiero's "Favorite Places" Featured At October High Point Mkt!

"I have fond memories from my travels and the places I've lived. Each of these locations are important in my life, and they represent perspectives that have influenced my fabric designs and reflect the trends that beguile designers and consumers alike." Ruggiero will design six vignettes that reflect his "favorite American

places" in his **Miles Talbott** Showroom.

Using products from his **Sunbrella Collections, Gat Creek Wood Pieces, Textillery Throws, Wildwood Lamps, Miles Talbott Upholstery** and other Licensees he will recreate his favorite environments: **The Islands** (two Hawaiian locations),

Manhattan, Western Ranch, Beverly Hills and **The Hamptons**.

"Having moved around the states during my career and vacationed in various parts of this beautiful country, I thought it time to reflect on those places that are especially important to me and reflect the inspirations they have given me," says Joe.
