## Menswear Looks For Sunbrella In Veranda September Issue

Thinking of Fall & Classic “**Menswear Looks**” the perfect time for **Joe Ruggiero** fabrics at **Sunbrella**.

“I like to create warm rooms that utilize the look of Classic Suiting Fabric Designs & Textures and we have many in the current line at **Miles Talbott**.”

What is so wonderful about these custom tailored rooms is that they will not fade & are so easy to clean up after spills...rooms you can enjoy & be comfortable; rooms that are pet & kid friendly. We like to entertain at our home & **Performance Fabrics** are made for these kinds of rooms.

Celebrating over **seventeen years** designing for **Sunbrella**, I have seen so many wonderful developments in new construction & the development of soft textures. My goal, **Make Every Room A Living Room** with worry free decorating”
