

The **Joe Ruggiero Collection** has launched a virtual showroom with **Perigold** (a division of Wayfair). Visit the showroom [here](#).

A selection of our Upholstery Designs for **Miles Talbott** along with a beautiful new **Bedding Collection** will join an exclusive collection of **Tables & Storage Pieces**. Many of our current licensees will also be featured including **Textillery, Sunbrella, Gat Creek & Wildwood Lamps**.

In the coming months, we will be adding additional products & categories, which will enhance our vision of *Total Home Interiors*.

We are very pleased with the initial response and early results! It's an exciting next step in the growth of the **Joe Ruggiero Collection** digital brand!
